Objective

A motivated and detail-oriented undergraduate student seeking an internship opportunity to apply and enhance my skills in C# programming. Eager to contribute to a dynamic team and gain practical experience in software development.

Education

- **Bachelor of Science in Computer Science**

  Landmark University, [September 2025]

- **Relevant coursework**: Object-Oriented Programming, Data Structures and Algorithms, Software Engineering Principles, Database Management Systems.

Skills

- **Programming Languages**: C#
- **Web Development**: HTML, CSS, JavaScript
- **Operating System**: Windows OS
- **Tools**: Visual Studio Code, Microsoft Visual Studio.
- **Version Control:** Git
- **Additional**: Problem Solving, Teamwork, Communication.

Projects

- **To- do List Application**

  Description: Created a To-do list application where users can add, delete and view tasks using C#. This simple to-do list application allows users to add tasks, delete tasks, and view the list of tasks. It runs in a loop until the user chooses to exit the application.

- **Note Taking Application**

  Description: Created a note taking app that can create, edit and delete notes using C#. It uses a simple "Note" class to represent each note and the notes are stored in a string. Users can interact with the application through console menu.
